

I am writing about
Sinclair
Broadcasting
forcing their
stations to air an
anti-Kerry program
without balance and
without refutation.

I don't know all of
the law, but if they
would follow it with
an anti-Bush
program, or if they
were paid by a
political party or
organization to run
it, then it seems to
me that it would be
more within their
legal rights.

We as Americans give
them the airwaves
free, and don't they
have a
responsibility to
use those waves
fairly and
non-partisanly?

Please stop them
from doing this.
Freedom of speech in
America may be in
jeopardy with
actions like these.

Thank you.
